

CHRONICLES SPECIAL ASSIGNMENT

1. (25 pts) **Read Chronicles 1 time.**

You will need to note whether kings are “good or bad” on your timelines, so you may want to mark this as you read.

2. (60 pts.) **Make a timeline** covering the chronology of the Old Testament from the time of David through the restoration period. It must be proportional based on years. You will probably want to use graph paper.

Include:

- Leading world powers, (Syria, Assyria, Babylon, Persia) and their kings.
- All kings (be sure to separate Northern kings from Southern) and note whether good or bad
- Prophets
- Major dates and events as listed on attached handout. Be sure to include post-exilic dates and events.
- **Please see sample timelines**, but DO NOT remove from the classroom!
- For more help, use your Bible dictionary or the encyclopedia in the classroom. You may find the "Chronology of the Old Testament" and “Survey of Israel’s History” by Wood to be helpful. DO NOT remove any books from the classroom!

**This timeline is for your reference. You will refer to it again and again throughout the quarter. It will save you much time when you do your BRI's for the prophets.

3. (15 pts) **Application:** Write one page answering the following questions:

- What do you think revival is? How can you tell true revival from counterfeit?
- What do you think needs to happen for revival to occur?
- What are your own personal experiences with revival? Has one happened in or around your home church? What was it like?

Please do your application second, not last!!
