

Philippians: **Have the same mind as also Christ had (The way and the mind of Christ)**

Key-Verse: **2,17**

Terms: Joy / Thankfulness
Sacrifice

(is just half a solution, since no verse is containing all aspects of the book)

The letter has two centers - a linear one in 3:1a - Rejoice / the second is the Hymn in 2:5-11, it's content is radiating into every paragraph of the body of the book.

The Hymn is the deepest expression of voluntary serving (=giving love) and results in the "rejoicing" (=receiving love) both are necessary for true fellowship.
